- Queries

Project 4- Covid Tracker

FAQ

What is this training program about?

This is an online training program in which you will learn Android Development online. You will be trained to write functions and develop applications.

How will the training be imparted?

The training will be delivered using LIVE classes twice a week and interactive exercises.

What is the duration of this training?

This is a 4 week training program.

Who can join? I am a beginner/advanced user, can I learn Android?

This training would be better suited to beginners who have no prior knowledge of Android Development.

Are there any prerequisites for joining this program?

Candidate must have basic knowledge of Java. (If not then candidate can apply for Java + Android Package)

Will there be any project that I will get to work on?

Yes, there will be a project that you will be working on.

What hardware/software are required for doing this training?

A 64-bit operating system (with a working internet connection) having a minimum of 2 GB of RAM is required.

Will I be able to download the training content?

Yes, you can.

Can the material be used by a group of students?

No. These training programs are meant for individual users. Multiple users will not be allowed.

If you have any queries or any doubts regarding the training, please write to us at rapidcodeindia@gmail.com
